INVEST TO OWN

CONVENIENT AND DISCOUNTED PROPERTY SALE MODULE

PRESTIGE HEIGHTS

“Invest-to-Own” is a selling proposition where the prospective buyer of the property (belonging to the Estates Developer) decides and agrees to sign up to the Invest-to-Own policy. The interested party is required to open a ‘Joint Investment Account’ with the Estates Developer on the basis that when the buyer complies with the terms and conditions of the agreement, he/she shall be entitled to the property of which the investment has been made.

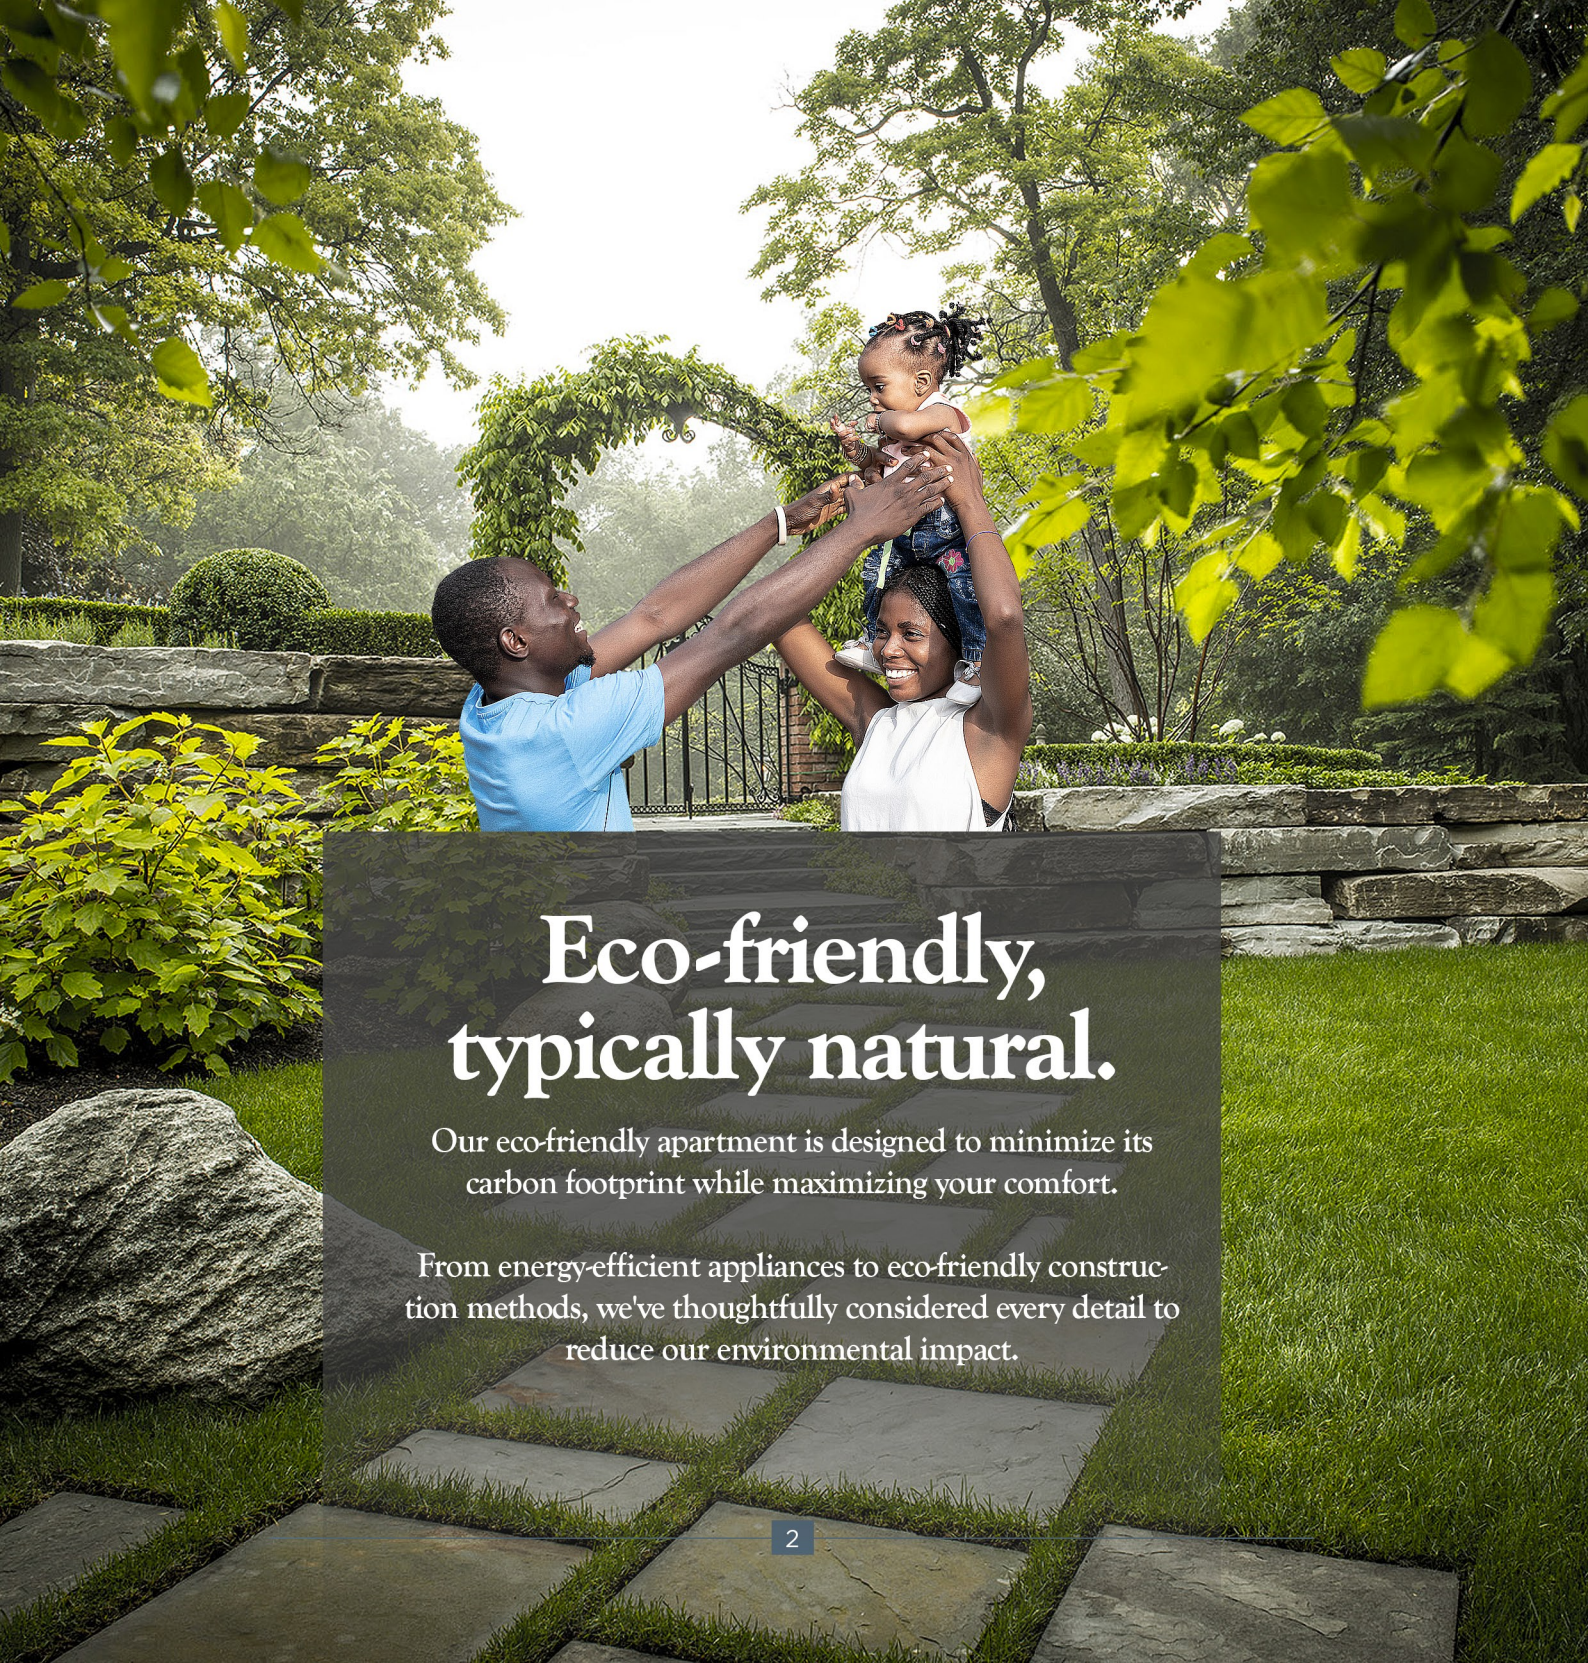

Under the module, the interested buyer is required to choose from the list of properties available. The buyer is therefore required to invest at the bank 60% of the cost of the property in the joint names of the buyer and the developer for 24 months (two years).

At the maturity date, the developer hands over the property to the buyer after the buyer has agreed to transfer his/her interest in the investment to the developer. It is as simple as that.

To make it comfortable for the buyer to meet the investment threshold, the buyer is given six months to do so (where the buyer isn’t able to raise the entire investment sum in bulk). The entire terms and conditions governing the purchase are spelt out in the sale and purchase agreement that the buyer is mandated to sign.
